The i-factor and the y-chromosome

• Background
  – Why so few women in Informatics?
  – What can and should be done?
  – Isn't that sexist?

• Specifics
  – Tasks and activities of gender equality officers
  – How you can become involved

Gender Equality / Diversity Officers IN.TUM
Prof. Dr. Anne Brüggemann-Klein,
Dr. Stefanie Demirci,
Nina Hubig, Dora Dzvonyar
Low numbers of women in CS not "natural"

- First programmer: Ada Lovelace
- Female programmers of first computers "Eniac girls"
- Grace Hopper
  - Business applications
  - First high-level programming language (Cobol)
- Adele Goldberg
  - Smalltalk (OO)
  - GUIs
  - Vorläufer von Apple Macintosh bei Xerox Parc
What happened in the eighties?

Some factors
- Personal Computer, advertised as toys for boys
- CS teaching relies increasingly on prior programming knowledge (which boys have more than girls)
- Chilly climate for women

Consequence / our approach
- Don't fix the women
- Fix the circumstances that might just as well hold back some men

When women stopped coding,
NPR 576, 2014 October 17
Should we be concerned?

- Gender equality guaranteed by constitution (Art 3)
  - Isn't that the end of the story?
- Caution!
  - Well-documented social mechanisms wrt minorities demand action
- What are these (gender-independent!!) mechanisms?
  - token syndrom
  - stereotype threat
  - imposter syndrom
- General consequences, when activating stereotypes for minorities
  - Feeling of not belonging
  - Feeling of not being good enough
  - Chilly climate
Ways to promote inclusive climate

Awareness is key (small incidences add up)

• Assume that there is no "geek" gene
• Don't tell anybody what they should/can't do, based on stereotypes
• Know that desire to learn, application and good work beats in-born talent (growth mindset)
• Don't ask members of minority groups to speak for their group
• Abstain from derogatory remarks based on stereotypes
• Have the courage to intervene if you observe derogatory remarks based on stereotypes or any kind of harrassment
!! Inclusion benefits all !!
